

Child's Name

Date of Birth

As the parent/guardian of the above-named child, I have initialed next to the applicable statement(s) for the use of insect repellent on my child:

- Staff may apply the center's insect repellent according to the directions on the product label, provided in the original container within the expiration date, appropriate for the age of the child, and free of nut ingredients.
- I do not know of any allergies my child has to children's insect repellent.
- My child is allergic to some insect repellents. I have provided the following brand/type of insect repellent for use on my child:
  
- Please DO NOT apply insect repellent to the following areas of my child's body:
  
- Please do not apply insect repellent to my child. I do not hold accountable KidzBlock Learning Center LLC for my decision and acknowledge that my child may become bitten as a result. To prevent my child from insect exposure during outside activities, I understand that I should give protective clothes such as a hat, a lightweight long sleeve shirt, and pants.

As the parent/guardian of the above-named child, I have initialed next to the applicable statement(s) for the use of sunscreen on my child:

- Staff may use the center's sunscreen according to the directions on the product label.
- I do not know of any allergies my child has to children's sunscreen.
- My child is allergic to some sunscreens. I have provided the following brand/type of sunscreen for use on my child:
  
- Please DO NOT apply sunscreen to the following areas of my child's body:
  
- Please do not apply sunscreen to my child. I do not hold accountable KidzBlock Learning Center LLC for my decision and acknowledge that my child may become sunburned as a result. Sunscreen and insect repellent should be utilized at least once at home to test for any allergic reaction. Aerosols, sprays, and combined sunscreen/insect repellents are prohibited.

Sunscreen with an SPF of 15 or higher must provide UVB and UVA protection. Sunscreen should not be used on newborns under the age of six months unless parental authorization is provided. Infants under the age of two months should not be exposed to insect repellent. Children under the age of three should not be exposed to lemon eucalyptus oil or para-methane products.
